

Juventus Cycling Club Equipment Sign-out Policy

All members of the Juventus Cycling Club have access to any piece of equipment that is property of the Juventus Cycling Club. The club's equipment is intended for racing, or training purposes and the following guidelines must be followed. These guidelines are structured to ensure fair treatment for each club member, and to ensure access to all equipment in a fair and appropriate manner. One of the goals of this club is to allow all members access to maintained modern equipment, for use as a racing or training tool. It should be emphasized that the equipment belongs to every member; treat it as such.

1. All equipment must be signed out by completing a **current** Juventus Cycling Club Equipment Sign out sheet. Sign out sheets are available at the club office.
2. Previous arrangements via email must be made with the club equipment manager to gain access to any piece of equipment.
3. It is the club equipment manager's discretion to allow the use of any piece of club equipment.
4. Equipment availability is based on a first come first serve basis but priority will also depend on the item and/or related event. For example, if an athlete wishes to use a set of wheels for the National TT, he or she will have priority over an athlete who chooses to use the same wheels for training or a mid-week race.
5. With the exception of the L.A.M.P. road bikes, no single piece of equipment can be signed out for greater than 5 business days or the duration of an out of town event.
6. It is the responsibility of the club member to return the equipment in the same condition as it was given.
7. In the event of damage during the member's possession, it is the responsibility of the member to compensate all expenses for repair or replacement.
8. Common wear and tear is expected through use and thus all maintenance costs will be the responsibility of the club.
9. Equipment is lent to members with the understanding that the equipment shall only be used for what it is designed for, under conditions that are appropriate.
10. Members using equipment assume all risks involved in the use of the club's equipment.
11. Club equipment will only be lent to those athletes with a current membership.
12. At no point shall non-members use the club's equipment.
